Daintree[®] Series

Door Furniture

Daintree® Series Door Furniture

The outstanding range of Daintree door furniture offers architects, specifiers and interior designers an array of levers that can be used in semi-commercial or residential environments.

Designed in Australia the Daintree series of door furniture reflects the best in quality combined with cultured designs.

The Daintree series was produced to meet the stringent aesthetic requirements of the residential markets, while conforming to the ever increasing need for quality in the semi-commercial building segments.

Specification Service

For all Architectural hardware specification assistance refer to your local ASSA ABLOY Sales Office.

A fully comprehensive, obligation free, Architectural Door Hardware specification can be prepared by Architectural Hardware Representatives.

Cleaning

Care should be taken during construction/refurbishment to ensure that paint, thinners, mortar or cement splashes are carefully removed from locks, furniture and hardware. Removal of these splashes with strong cleaning agents or scourers should be avoided.

Dirt and grime should be regularly removed with a soft damp cloth. A solution of mild soap and water may be required. During cleaning, care should be taken to prevent cleaning solution from entering the cylinder keyway. Surfaces should be dried and possibly lubricated.

Lubrication

During assembly of the furniture, the areas of contact of the internal mechanism which require lubrication are given an application of high quality grease. Where an installation is exposed to temperature extremes, a dusty or dirty environment, or such that the original lubricant becomes contaminated resulting in unsatisfactory operation, then the mechanism should be cleaned with a non-corrosive solvent and re-lubricated.

Quality Endorsed Company

The Standards Association of Australia operates a program which assesses the quality procedures and capabilities of an organisation in terms of the requirements of specific Australian and International Standards for

Supplier's Quality Systems.

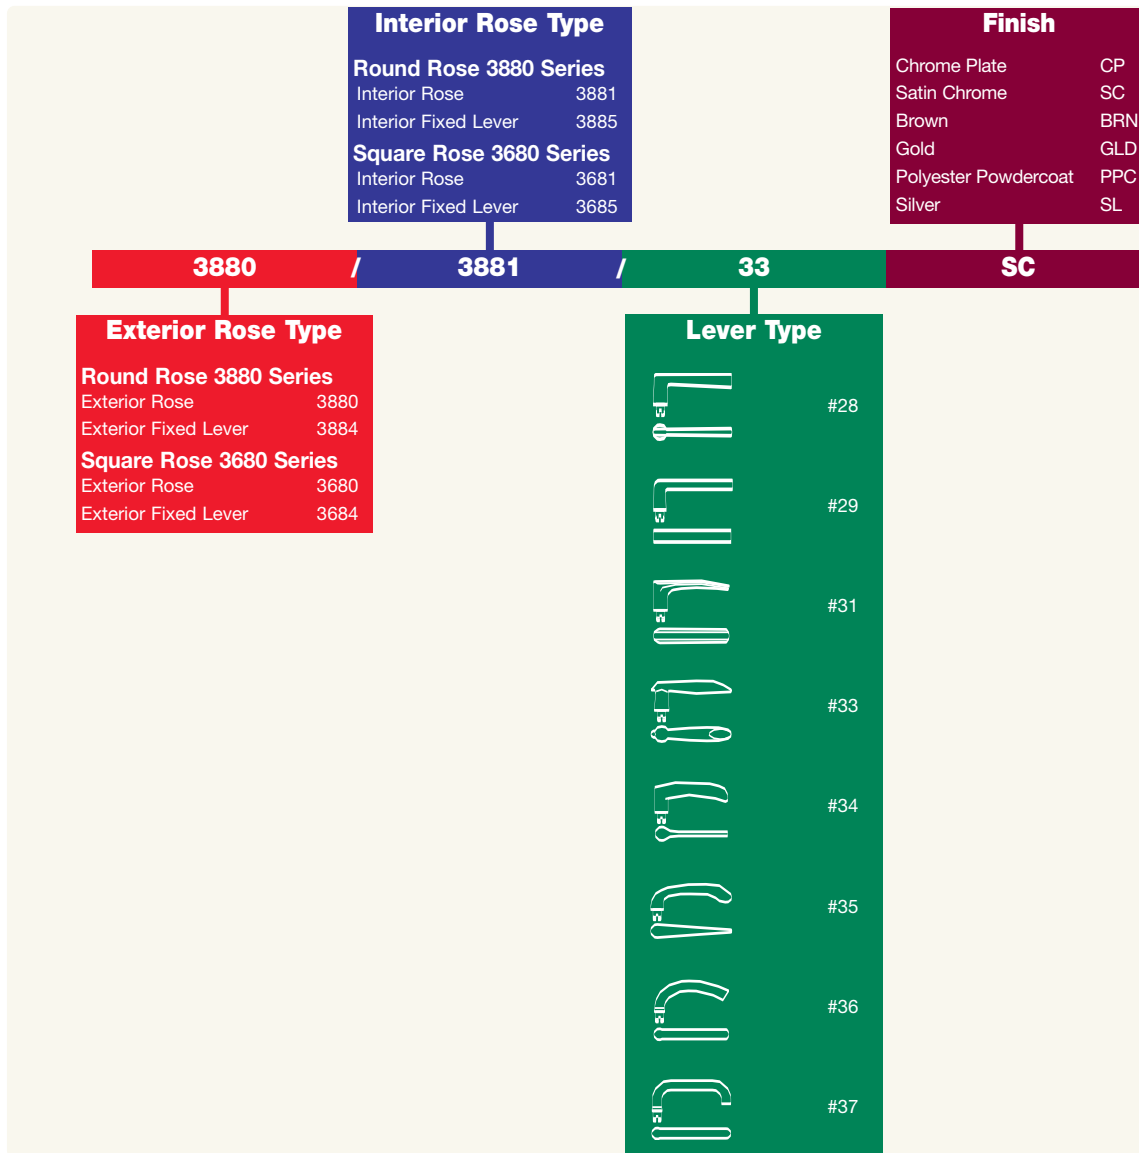

Following assessment by the Standards Association of Australia, ASSA ABLOY Australia Pty Limited 50 Edward Street, Oakleigh VIC 3166 have been granted a certificate of registration as an approved supplier in the associations supplier Assessment Scheme to AS 3902/ISO 9001 - Quality Systems for Production and Installation.

Daintree® Series Door Furniture

Daintree 3680 Square Series & 3880 Round Series Door Furniture

Description:

Lockwood Daintree furniture is available in the traditional and classy round rose version as well as a modern and stylish square rose series. All square roses feature locating lugs that ensure perfect alignment on doors.

Application:

A range of high quality levers suitable for use in residential buildings and semi commercial applications.

Designed and manufactured in Australia for use with Lockwood Synergy 3570 Series mortice locks and A5250 tubular latch.

Door Thickness:

- 33 mm minimum for A5250 latches.
- 32 mm minimum for Lockwood 3570 Series mortice locks.
- Maximum door thickness 45 mm.
- Longer screws and spindles available upon application.

Fixing:

Roses are designed to fit back to back and fixing points are concealed. The Daintree mechanism incorporates a lever handle torsion spring which provides a positive feel and increased product life. All lever handles are reversible.

Rose Dimensions:

Round Rose: 55 mm diameter x 12.5 mm.

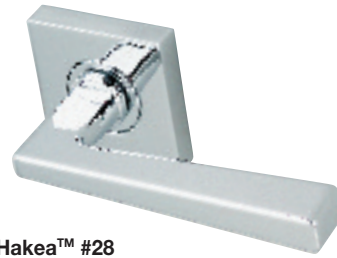

Square Rose: 57 mm x 57 mm x 12.5 mm.

Materials:

Zinc die-cast

Daintree® Series Door Furniture

Daintree Privacy Adaptors

Description:

The privacy adaptor has a patented built in clutching mechanism which allows the engaged mode to be overridden by use of specified force applied in a single downward action on the lever. This will allow entry in an emergency situation without the use of any type of tool.

Once in this position the latch is automatically held back.

If the door has been fitted with lift-off hinges, the hold-back feature will assist when removing the door in an emergency.

When Safety, Privacy and Convenience is required the Daintree Privacy Adaptor makes good sense all round.

Fixing:

The privacy adaptor can be installed onto any existing Daintree lever set and standard A5250 tubular latch. Instructions, screws and spindle are supplied with every adaptor.

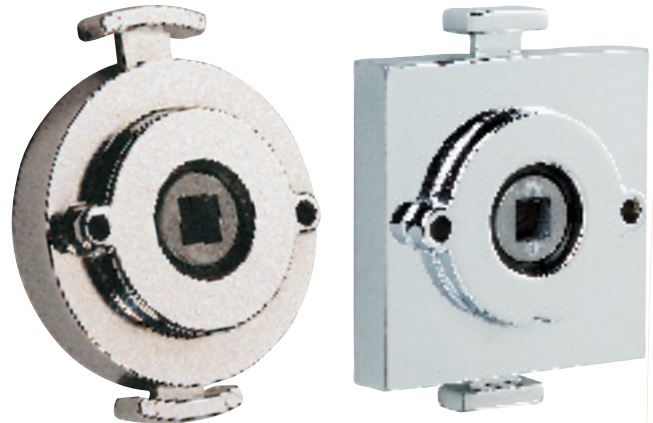

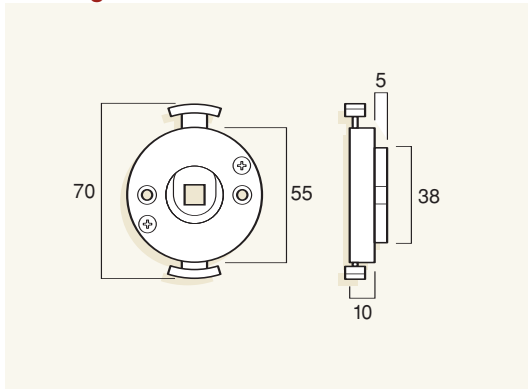

Door Thickness:

Suitable for door thicknesses of 32 to 45 mm.

Standard Finishes:

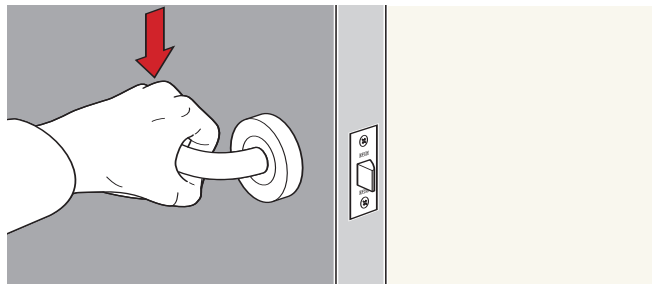

Chrome Plate	(CP)
Gold	(GLD)
Polyester Powdercoat	(PPC)
Satin Chrome	(SC)
Silver	(SL)

Limiting Dimensions:

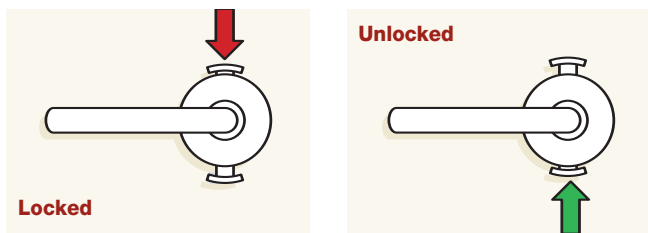

Safety:

A single downward action is required for a quick entry in an emergency. No tool required. Hold-back function will hold back the tubular latch to assist in the removal of a door fitted with lift-off hinges.

Privacy:

Ergonomic design ensures easy operation of snib in a vertical action for engaging privacy function.

Ordering Procedure:

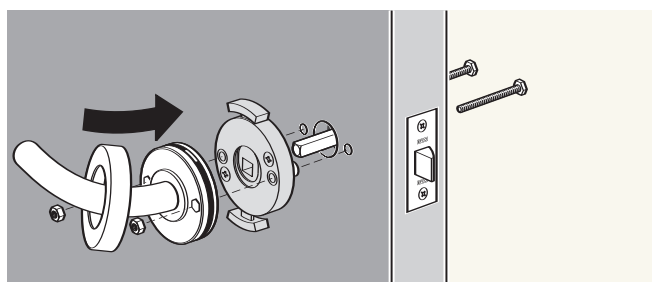

Finish	
Chrome Plate	CP
Satin Chrome Plate	SC
Gold	GLD
Polyester Powdercoat	PPC
Silver	SL

3890	CP
-------------	-----------

Part Number

ASSA ABLOY

Lockwood Guarantee

ASSA ABLOY Australia Pty Limited ("ASSA ABLOY") guarantees its Lockwood products against defects in workmanship and materials. If within the normal working life of a product it is found to be defective, ASSA ABLOY will supply the same or equivalent product free of charge.

All electrical and electronic components used in ASSA ABLOY's range of products excluding batteries are guaranteed for a period of 12 months from the date of proof of purchase, unless stated otherwise.

ASSA ABLOY assumes no liability under the guarantee for the following:

1. Improper installation or failure to follow fitting instructions.
2. Failure due to improper maintenance.
3. Failure due to fair wear and tear.
4. Indirect or consequential loss or damage.
5. Cost of removal and/or replacement.

6. Cost of freight and/or travelling time.

7. The plated finishes Florentine Bronze, Architectural Bronze, Polished Brass, Gold and Satin Brass, "which" are classified as soft finishes. As deterioration is possible under some environmental conditions, these finishes are excluded from this guarantee.

8. Any modification or repairs to a product, as supplied, unless authorised by ASSA ABLOY Australia Pty Limited.

9. Use of replacement parts other than authorised parts.

10. Malfunction or failure of the product due to the use of non-genuine Lockwood parts.

11. Malfunction or failure of the product due to the use of non-specified batteries.

Nothing in the ASSA ABLOY Australia Pty Limited guarantee excludes, restricts or modifies any condition, warranty, right or liability implied or protected by law where to do so would render the Guarantee, or any part of it, void.
